

Here's some testimonials from recent clients...

Thank you so much for performing magic at our wedding on September 28th at Oldwalls, Gower. Having you there during the transition from day to night was perfect you kept our guests entertained so they didn't focus on the wait. Everybody commented on how much fun they had watching you, one of our guests is still talking about it and showing people the playing card you gave her. I especially liked the trick you did with me with the ice heart. Even the guests that were slightly sceptically were raving about you by the end of the night. I would highly recommend you anyone.

Thanks again

Thank you so much Ash for performing at our wedding. Everyone said how amazing you were and I could hear the laughter and wow's across the room. You and your tricks brought everyone together and got people laughing and chatting. Brilliant!!! Thanks for everything :)

Ash rose was fantastic, we booked ash for our wedding and I have to say that it wasn't just the kids who enjoyed it was also the adults, ash has excellent skills that are pleasing on the eye but also makes you question, how did he do that? And for me that is what a magician is all about, and there was a nice little touch to his act at the end just for me and my wife. If you need convincing, then just ask him for a demonstration, you will not be disappointed.
Thanks again ash,

Ash Rose gave a brief performance in my large introductory Cognitive Psychology lecture to introduce the topic of attention. He did a terrific job and delivered a firework of entertainment while also teaching a magic trick to the 120 or so assembled students. A very tough act to follow!

..."Thank you so much for performing at our wedding, the joy and laughter you brought to the occasion really allowed my wife and I to relax and enjoy without worrying about our guests. Your magic was (and i quote from my mother-in-law) truly amazing. It was so nice to have someone like yourself bringing people together to help with your tricks, this was a great way to get guests from both our families chatting and laughing without having to go through all the introductions every five minutes. Truly a magical day."

Many Thanks

..."Throughout the last year as our resident magician, Ash Rose has brought in many new customers as well as entertaining our current ones. Ash Rose is a true asset to the business

and it would be a great shame should we ever lose him."

..."After recently booking Ashley Rose to perform at a fundraising evening I would have absolutely no trouble in recommending his services! Ashley was personable, very funny and worked around the room to varying audiences including adults, children and Premier League football stars. Ashley's magic repertoire kept guests interested in suspense right throughout and didn't fail to amaze anyone! I was also extremely impressed that Ashley went above and beyond to not only provide close-up magic but also to perform stage magic to the whole room. Ashley was a pleasure to work with and his magic was truly enjoyed by all. I really look forward to booking his service for future events."
